INVITATION TO BID

SEALED BIDS ARE HEREBY SOLICITED UNDER SECTION 103 OF THE GENERAL MUNICIPAL LAW BY THE VILLAGE BOARD OF THE VILLAGE OF SARANAC LAKE FOR THE FOLLOWING: "1 3 Main Street Water Chambers Infrastructure Repair BID".

- 1 - Bids are to be addressed to the Village Clerk and the **SEALED ENVELOPE SHOULD BE PLAINLY MARKED WITH THE NAME OF THE ITEM TO BE BID AND THE DATE OF THE BID OPENING.**
- 2 - Bids must be detailed categorically in the same order as specification to facilitate reading and study.
- 3 - The bidder must be a duly authorized representative of the company he represents for a period of at least one year.
- 4 - If the bidder proposes to modify a product or service as to make it conform to the requirements of the Invitation for Bids, he shall (a) include in his bid a clear description of such proposed modifications, and (b) clearly mark any descriptive material to show the proposed modifications.
- 5 - Modifications proposed after bid opening to make a product or service conform to the specifications will not be considered.
- 6 - A non-collusion statement must accompany the bid(s).
- 7 - The Village reserves the right to reject, in its sole discretion, any apparent low bid on the ground that the bidder is not a responsible bidder, based on objective criteria, including but not limited to proper capabilities, experience, equipment, qualifications and other factors.
- 8 - The Village reserves the right to reject any and all bids if, in its' opinion, such action is in the best interest of The Village.
- 9 - All items in the following specifications shall be deemed to include the words "or approved equal". The bidder must submit with bid, detailed specifications, circulars, and all necessary data on supplies, and services he proposes to furnish. If supplies or services offered differ from the provisions contained in this specification, such differences must be explained in detail, and bid will receive careful consideration that such deviations do not depart from the intent of these specifications and are to the best interests of the Village Board.
- 10 - This project is funded in part by a grant from the NYS Office of Parks, Recreation and Historic Preservation through Title 9 of the Environmental Protection Act of 1993.
- 11 - All bidders are subject to the terms of the State of New York Contract for Grants -- Standard Terms and Conditions, which can be found online at

12 - Upon selection, for all contracts that equal or exceed \$100,000, the contractor will be required to submit to the State a Vendor Responsibility Questionnaire: Construction – For-Profit. The questionnaire can be found online at http://www.osc.state.ny.us/vendrep/forms_vendor.htm.

13 - Effective December 30, 2024, all contractors and subcontractors submitting bids or performing construction work on public work projects or private projects covered by Article 8 of the Labor Law are required to register with the New York State Department of Labor under Labor Law Section 220-i. A Certificate of Registration with a unique registration number will be issued to the applicant electronically through the Contractor Registry portal. A digital copy of the certificate must be submitted with bid submission or bidder may be found to be non-responsive. Contractors are responsible for verifying that any subcontractors they work with are registered. Please refer to this website for information: <https://dol.ny.gov/contractor-and-subcontractor-landing> .

Special Conditions

This property has been determined to possess historic (e.g., architectural, engineering, artistic) significance and is listed in the National Register of Historic Places. The contractor shall recognize that all aspects of the property may potentially contribute to this significance and the contractor shall not judge the relative significance of any features nor the impact of any or all proposed work; this responsibility shall rest solely with the architect. Consequently, no deviations from the contract documents shall be performed and no features or materials shall be altered, removed, reused, or taken from the premises, without the written approval of the architect as being consistent with the requirements of the contract documents. All work shall be consistent with The Secretary of the Interior's Standards for the Treatment of Historic Properties.

All federal and state taxes will be excluded. Tax exemption certificates will be furnished to the successful bidder.

NOTICE TO CONTRACTORS, SUBCONTRACTORS, SUPPLIERS AND VENDORS

must be included in the Bid Package and attached to all contracts and subcontracts.

This project is funded in part by a grant from the NYS Office of Parks, Recreation and Historic Preservation through Title 9 of the Environmental Protection Act of 1993. All contracts and subcontracts for the project are subject to the terms of the State of New York Contract for Grants (SNYCG) -- Standard Terms and Conditions, which can be found online at <https://grantsmanagement.ny.gov/state-agency-resources>, Appendix A (A), Attachment A-1 (A1) and Attachment A-2 (A2), attached hereto. *If any other funding sources are involved in the project, the grantee is responsible for compliance with the program requirements for those funding sources.* Note particularly the following requirements:

- The State's right to review and approve every subcontract in excess of \$100,000. *SNYCG III (B)(2)*
- The requirement that subcontracts contain provisions specifying (1) that work accord with the terms of the State of New York Contract for Grants, (2) that nothing in the subcontract shall impair the rights of the State under the State of New York Contract for Grants, and (3) that nothing in the subcontract, nor under the State of New York Contract for Grants creates any contractual relationship between the subcontractor and the State. *SNYCG III (B)(2)*
- Contractor's responsibility to submit vendor responsibility information to the State, including a Vendor Responsibility Questionnaire for subcontracts that equal or exceed \$100,000. *SNYCG III (B)(4)*
- Non-discrimination requirements *A(5) and A1(F)*
- Equal Opportunity provisions, including a requirement that the following provisions be included in construction subcontracts in excess of \$25,000:
 - The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status;
 - The Contractor shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts;
 - The Contractor shall undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;
 - At the request of the State, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative shall not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative shall affirmatively cooperate in the implementation of the Contractor's obligations herein; and
 - The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants shall be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. *A(12) and A1(F)*
- Wages and Hours Provisions *A(6)*
- New York State business requirement *A(20)*
- Worker's Compensation and Disability Benefits Insurance coverage *SNYCG III (I) (L), A (4), A1(E)*

Description of the Items is as follows:

The Lake Flower Hydroelectric Project (The Project) is owned and operated by the Village of Saranac Lake (The Village). The Project location is at 1-3 Main Street in Saranac Lake, NY. The complex consists of two buildings adjacent to the Lake Flower Dam and downstream of a bridge on Main Street. One Main Street, constructed in 1909, is a approximately 40-feet by 55-feet brick masonry and wood trussed building which houses the powerhouse for a single turbine (Powerhouse Building). Three Main Street, later constructed in 1927, is a three-story, approximately 40-feet by 66-feet steel and masonry building which currently serves as an office building (Office Building).

Intake sluice gates on the upstream side of Main Street bridge allow the entry of Lake Flower Reservoir waters into the basement (Water Chamber) of the Office Building of the 1-3 Main Street complex which then flows directly underneath both building structures, through the turbine in the Powerhouse Building and discharges into the Saranac River. Recently, engineering inspections have identified water infiltration into the Water Chamber and deterioration to walls and structural members both inside the Water Chamber and exteriorly at foundation wall at the Water Chamber level. Work under this contract shall include repairs to the exterior foundation wall at the Water Chamber level and repairs to structural elements at the interior of the Water Chamber.

- **Task 1: Repair measures shall commence at the exterior foundation wall to repair that area and limit water infiltration into the structure. Prior to any repair measures:**

- A dive inspection shall be performed at the exterior northeast corner of the Office Building to obtain a more detailed understanding of the extents of voids/leakage present at the silt level at that location.
- Erosion and sediment controls shall be established.
- Silt removal shall be performed prior to the dive inspection.

Task 1 Cost: _____

- **Task 2: Once the dive inspection has been performed:**

- Repair extents shall be refined, and a steel bulkhead shall be fabricated.
- Normal water levels will be maintained during the execution of Work at this location.
- Deteriorated and unsound foundation wall material at the exterior northeast corner shall be removed and disposed of off-site.
- The repair entails the installation of hooked dowels, reinforcement, and waterstops in preparation for a steel bulkhead installation.
- The steel bulkhead shall be lowered into place and anchored to sound material of the existing structures.
- Concrete shall be tremie placed into the bulkhead to seal voids and provide a structural overlay at that location.

Task 2 Cost: _____

- **Task 3: Once repairs have been completed at the exterior corner of the Office Building:**

- Repairs to the interior Water Chamber may be performed.
- Intake gates will be lowered and the area allowed to drain into the tailrace.
- First, access shall be established to the Water Chamber through the 32-inch-diameter hatch in the Powerhouse Building Turbine Room floor.
- All leakage inside the Water Chamber shall be observed and reported to the Engineer.
- Additional repairs may be required if leakage has not been stymied by exterior bulkhead repair.

- Install temporary diversion and dewatering systems, as required. Water chamber repairs shall commence with removal of the upstream concrete ceiling between the most upstream W27 steel beam (bottom flange encased in concrete) and the upstream reinforced concrete beam.

Task 3 Cost: _____

- **Task 4: Once the ceiling has been removed, an engineering inspection of the ceiling area will be conducted to identify if additional or modified repair measures are required. Repairs outlined in this contract are as follows:**

- The upstream reinforced concrete beam is in deteriorated condition. Loose and unsound concrete shall be removed from this beam and disposed of off-site.
- All reinforcement encountered shall be protected for reuse.
- A reinforced concrete corbel shall be installed below the deteriorated beam to support the beam. For this Work, hooked dowels and reinforcement shall be installed, formwork installed, and concrete placed.
- Once the corbel has been installed, repair the reinforced concrete beam.
- Install formwork and place concrete.
- With the concrete ceiling removed, existing first floor structural members shall be refurbished and waterproofed.
- For steel W27 and W10 stringers, blast clean all exposed surfaces and paint members with primer, intermediate coat, and top coat paint system.
- Dispose of waste materials off-site.
- For exposed concrete floor and concrete structural elements, prepare surfaces and install cementitious waterproofing.
- Existing void and cracks in north wall (which had been exhibiting leakage) shall be repaired.
- For void repair, removed loose and unsound material around void.
- Sawcut and remove rectangular area around void.
- Install hooked dowels, reinforcement, formwork, and place concrete in the void.
- For cracks, rout crack along crack extents, prepare surfaces, drill injections ports, and follow pressure injection procedures to fill crack with repair material.

Total Bid Price for Tasks 1, 2, 3 & 4: _____

THE VILLAGE OF SARANAC LAKE RESERVES THE RIGHT TO INCREASE OR DECREASE THE QUANTITY AS DEEMED NECESSARY WITHOUT AN INCREASE TO THE UNIT BID PRICE.

SEALED BIDS TO BE OPENED AT **2:30 PM ON April 9, 2025** IN THE BOARD ROOM OF THE VILLAGE OFFICE AT 39 MAIN STREET, 2ND FLOOR SUITE 9, SARANAC LAKE, NY 12983

NON-COLLUSIVE BIDDING CERTIFICATION

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid, each party hereto certifies as to its own organization under penalty of perjury, that to the best of his knowledge and belief:

- 1 - The prices in this bid have been arrived at independently without collusion, consultation, communications, or agreement, for the purpose of restricting competition as to any matter relating to such prices with any other bidder or competitor.
- 2 - Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
- 3 - No attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

WE, THE UNDERSIGNED, PROPOSE TO FURNISH ALL MATERIALS CALLED FOR IN FULL ACCORDANCE WITH THE SPECIFICATIONS AND INSTRUCTIONS IN THE ATTACHED BID, OR PROPOSAL, AND AGREE TO ALL CONDITIONS THEREIN.
